Nursing Mothers and Over-burdened Women

In all stations of life, whose vigor and vitality may have been undermined and broken-down by over-work, exacting social duties, the too frequent bearing of children, or other causes, will find in Dr. Pierce's Favorite Prescription the most potent, invigorating restorative strength-giver ever devised for their special benefit. Nursing mothers will find it especially valuable in sustaining their strength and promoting an abundant nourishment for the child. Expectant mothers too will find it a priceless boon to prepare the system for baby's coming and rendering the ordeal comparatively painless. It can do no harm in any state or condition of the female system.

Delicate, nervous, weak women, who suffer from frequent headaches, backache, dragging-down distress low down in the abdomen, or from painful or irregular monthly periods, gnawing or distressed sensation in stomach, dizzy or faint spells, see imaginary specks or spots floating before eyes, have disagreeable, pelvic catarrhal drain, prolapsus, anteversion or retro-version or other displacements of womanly organs from weakness of parts will, whether they experience many or only a few of the above symptoms, find relief and a permanent cure by using faithfully and fairly persistently Dr. Pierce's Favorite Prescription.

This world-famed specific for woman's weaknesses and peculiar ailments is a pure glyceric extract of the choicest native medicinal roots without a drop of alcohol in its make-up. All its ingredients printed in plain English on its bottle-wrapper and attested under oath. Dr. Pierce thus invites the fullest investigation of his formula knowing that it will be found to contain only the best agents known to the most advanced medical science of all the different schools of practice for the cure of woman's peculiar weaknesses and ailments.

If you want to know more about the composition and professional endorsement of the "Favorite Prescription" send postal card request to Dr. R. V. Pierce, Buffalo, N. Y., for his *free* booklet treating of same.

You can't afford to accept as a substitute for this remedy *of known composition* a secret nostrum *of unknown composition*. Don't do it.

ANOTHER WONDER OF SCIENCE.

Biology has Proved that Dandruff is Caused by a Germ.

Science is doing wonders these days in medicine as well as in mechanics. Since Adam lived, the human race has been troubled with dandruff, for which no hair preparation has heretofore proved a successful cure until Newbro's Herpicide was put on the market. It is a scientific preparation that kills the germ that makes dandruff or scurf by digging into the scalp to get at the root of the hair, where it saps the vitality; causing itching scalp, falling hair, and finally baldness. Without dandruff hair must grow luxuriantly. It is the only destroyer of dandruff. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

Two sizes—50 cents and $1.00.

DENIAL FROM MAYOR SCHMITZ.

In a statement to the San Francisco Evening Post Mayor Schmitz yesterday said:

"The statement that I have handed the reins of government to any person or committee is an unqualified falsehood. I called the committee of fifty together sometime ago, in order that I might take advantage of the wisdom and advice of the best citizens of the city in a financial and industrial crisis. This committee of fifty selected subcommittees, in order that the important work might be systematized and carried out, and one of the committee is the so-called committee of seven. I have not resigned nor yielded my prerogative to anybody and any statement to the contrary is a malicious falsehood. There is no reason why I should give over the reins of government to other people. As for Ruef's charges, I will say he has not paid me any bribe money, and he knows that. If he says he paid bribe money to me, he simply lies. I only know that he has made such charges from what I am told and from the newspaper reports."

The examination of Abraham Ruef before the grand jury was resumed yesterday afternoon. He was further questioned as to the alleged bribery of Mayor Schmitz and the supervisors by the United Railroads pursuant to his testimony of Thursday that $200,000 was paid by that corporation for the purpose of electrifying the street railroad system.

President Calhoun Tirey Ford and Thornwell Mullaly, of the United Railroads Company, deny the truth of Ruef's charge that they paid $200,000 for trolley franchises.

Dr. Joseph Pohrm, a former police commissioner of San Francisco, it is said, furnished detective Wm. J. Burns details of Mayor Schmitz's alleged action in compelling Pohrm to vote on the matter of the French restaurant licenses in order that Abraham Ruef could extort from the proprietors of those resorts a fee of thousands of dollars to insure the resorts protection.

Relief from Rheumatic Pains.

"I suffered with rhumatism for over two years," says Mr. Rolland Curry, a patrolman, of Key West, Fla. "Sometimes it settled in my knees and lamed me so I could hardly walk, at other times it would be in my feet and hands so I was incapacitated for duty. One night when I was in severe pain and lame from it my wife went to the drug store here and came back with a bottle of Chamberlain's Pain Palm. I was rubbed with it and found the pain had nearly gone during the night. I kept on using it for a little more than two weeks and found that it drove the rheumatism away. I have not had any trouble from that disease for over three months." For sale by W. F. Creighton and Gibson and Timberman.

Attempt to Lynch.

A fatal shooting and desperate attempt to lynch the man who fired the fatal shot marked the strike of the longshoremen in Hoboken yesterday. The man who lost his life was an innocent bystander, Harry Marshall. He was struck by a bullet fired by Benjamin Vincent, a private detective, who had been employed on one of the docks affected by the strike, at a crowd of strikers with whom he had quarreled and who were pursuing him.

The trouble which resulted in the shooting began when Vincent entered a saloon near the docks and asked for a drink. As the bartender passed the bottle to him one of the several striking longshoremen who were in the saloon shouted: "Don't give it to him, he's a scab!" Vincent denied the implication but the bartender withdrew the bottle and refused to serve him. Just what happened then is not known, but a moment later Vincent dashed into the street with a revolver in his hand and a crowd of strikers at his heels. As he reached the street he turned and fired at his pursuers. Marshall was standing on the sidewalk, and the second bullet from Vincent's revolver struck him in the head and killed him instantly.

When Marshall dropped to the sidewalk the strikers started toward Vincent with cries of "Lynch him! Lynch him!" Vincent turned and sped down the street with the revolver still clutched in his hand and the angry mob only a few feet behind him. When a policeman barred the way the fugitive swung his revolver up as if about to fire, but the bluecoat was too quick for him and sent him rolling in the street with a bullet in his leg. When the furious pursuers dashed up and demanded that the man be turned over to them, the policeman held them back at the point of his gun. He stood over the prostrate Vincent and held the mob in check until several other policemen arrived and assisted him in taking the prisoner to a police station.

Father Charged with Criminal Negligence.

Following an inquest into the death of 6-year-old Violet Byrne, daughter of Clarence Byrne, of New York, before Coroner Acritelli, a jury yesterday brought in a verdict censuring the father "for not procuring proper medical attendance" for the child, who died on May 4, after a brief illness of bronchial pneumonia. The verdict was signed by all of the jurors but one, and it also recommended that such alleged offense be taken out of the category of misdemeanors and made felonies.

Clarence Byrne is a Christian Scientist, and it developed from the testimony that the treatment given the sick child was according to the Christian science method. The little girl was ill for four days.

"She had the best treatment there is in the world," the father testified. "I administered to her myself and later called in John L. Roberts, second reader of the Christian Science Church."

The witness testified that the child showed improvement under this treatment, but would suffer relapses when "the enemy," as he termed it, would appear. He explained that this "enemy" was a physical manifestation of illness," such as pain in the abdomen, of which the child complained.

Mr. Byrne told the Coroner that the prayer treatment consisted of the Lord's Prayer and intonations of the Science Church. He also stated that in the cases of four children of his he had called in physicians simply to comply with the law, but that he did not administer the medicines prescribed by them, deeming prayer better.

The Coroner's jury charged him with criminal negligence.

A Hard Debt to Pay.

"I owe a debt of gratitude that can never be paid off," writes G. S. Clark, of Westfield, Iowa, "for my rescue from death, by Dr. King's New Discovery. The ominous dry, hacking cough quit before the first bottle was used, and two more bottles made a complete cure." ALEXANDRIA GAZETTE AND VIRGINIA ADVERTISER

SATURDAY EVENING, MAY 18, 1907.

RUEF, a few months ago a dictator, but now shorn of his power, exposed, certain of the penitentiary, pale, trembling and in tears over his collapse, is a pitiful figure, and it might be possible to feel some sympathy for the man who pleads guilty, throws himself upon the mercy of the court and says he has determined to make some effort to restore himself in the public favor and be a power for good, and promises to do all in his power "to help overthrow the system which has made possible the terrible corruption of public officials." But he is not candid, and his attitude has in it much more of the coward then of the convert. He pleads guilty in the court, and in an interview out of court says he is innocent and could not have been convicted. He pleads guilty and will take a felon's punishment to save his family the anxiety of his trial. It is hard to accept this at its face value. "Owing to the assaults of the press," he told the court, "I have been placed in a wrong light and have been burdened with a bad name." But, says the Philadelphia Record, if he did the things charged, the newspaper were not assaulting him: they were merely defending the public against the rapacity of him and his gang, and if he did none of those things he had better make his fight for an acquittal. "It is true," he confesses to the Court, "that in order to hold together the political machine which I had built up with great difficulty I did lower the high political ideal that I had hitherto upheld." That and his promise to help "to overthrow the system which has made possible the terrible corruption of public officials," are sufficient admissions of the charges. Ruef may have built up his machine for the sake of power and not plunder. But the possession of power is pretty apt to tempt a boss to plunder, and at any rate "to hold together the political machine which he had built up" he had to let his henchmen plunder; he to help the grafters to what they wanted so that they would serve him. He had to "lower his ideals" in order to keep his janizaries in his service. Bosses and political machines, adds the Record, are very much the same thing in San Francisco and in the East.

THAT THE new naturalization law can be but unsatisfactorily enforced is a discovery that was made by Assistant Attorney General Cooley, who has returned from a trip to several western cities, where he held conferences with the judges of federal and State courts with a view to perfecting a uniform system for carrying the law into effect. He found that it would be impossible to administer the law as intended by Congress except through the employment of a large force of special agents, who would be charged with the personal investigation of each case where there was a reasonable doubt that the applicant for naturalization papers was not entitled to the same. As there is no appropriation from which such a force of special agents can be paid, Congress, at its next session, will be asked to supply the necessary funds.

THERE were 6,258 desertions in the regular army last year, and only 8,848 re-enlisted out of a total of 24,083 enlistments. While some officials at the War Department are disposed to account for this result by reference to the prevailing prosperity, others attribute it in no small measure to the establishment of the Bertillon system of physical measurements. The older soldiers, it is claimed especially, resent the new way of identification, as if classifying them with criminals. These reasons may or may not be correct, but certain it is the large number of desertions do not show much patriotism among the privates in the army in these piping times of peace.

From Washington.

[Correspondende of the Alexandria Gazette.]

Washington, May 18.

Frank Mockabee, a liveryman, was shot and perhaps fatally wounded by Gaston P. Phillip, a wealthy guest of the Arlington hotel, early today after an altercation in room 275 of the hosterly. The two men had been out all night in Phillips' automobile, and came back to the hotel at six o'clock. Phillip went up to his room, was followed ten minutes later by Mockabee, and soon afterwards the guests on the sixth floor were startled by the report of a pistol in the corridor. When Manager Taylor and Clerk Best arrived on the scene, three minutes later they found Mockabee lying on the floor with Phillip bending over him. Mockabee was taken to the Emergency Hospital and Phillip was arrested. Mockabee told the doctors that the trouble had arisen over a bill of $100 which he claims Phillip owed him and which he went to collect. According to his story, Phillip handed him the money and at the same time shot him, exclaiming: "Here is your money, and take this with it." Phillip is a civil engineer and contractor.

Secretary of the Navy Metcalf has decided to name one of the two big 20,000 ton battleships, to be built after the Dreadnought type, "Delaware," after the State of that name. This leaves only Utah and North Dakota that have not now got ships bearing their names. The cruiser New York may be renamed Troy, Schenectady, Rochester, Syracuse or Utica, there already being cruisers named Buffalo, Albany and Brooklyn. This would permit the naming of the other big battleship after the Empire State.

Rafel Aultman, the fifteen year old slayer of his playmate, Ernest Langley, has not yet been located by the police. The two met late yesterday afternoon near their homes, and from a boyish scrap which ensued, the affair became a genuine fight. Aultman, the smaller boy, drew his penknife and stabbed Langley in the side. The latter died on the way to the hospital. Young Aultman is supposed either to be in hiding about the city or to be trying to reach his father in Knoxville, Tennessee.

The full text of the Santo Domingo treaty, as ratified by the congress of that country, has been brought to this city. This is the first time that the State Department has been in a position to examine the explanatory notes which were attached to the treaty by the Dominican congress for the purpose of ascertaining whether or not they in any manner affect the principle of the original document, as ratified by the United States Senate. So far as a cursory examination made today discloses, they are not of this character, but are merely in the nature of reservations tending to indicate the interpretation which the Dominican government will place upon the various clauses of the treaty.

People here today from the Eighth Virginia congressional district have different views as to who will be nominated for Congress in the democratic primary to be held in that district on June 19th next. The friends of each candidate claim that their man will be elected, but some of them seem a little uncertain. The concensus of opinion is that Judge Nicol is growing stronger. Loudoun county it is said is not solid for Mr. Ryan, but that county never unites on a candidate, nor will the farmers unite when they have a chance to do so. Mr. Gordon, it is said, will carry practically solidly Louisa and Orange and will have considerable strength in Culpeper, Fauquier and Stafford. Mr. Carlin, it is claimed, is holding his own and many consider him the leading man in the race, and say his election is certain if the four candidates remain in the field till the end.

The Department of Justice has filed in the Supreme Court of the United States its petition in opposition to that of Stanley Francis, asking that the Supreme Court review the judgment of the federal courts of Philadelphia, which sentenced him to five years in the penitentiary and to pay a fine of $5,000 for alleged conspiracy to use the mails to defraud. Francis was connected with the Storey cotton company, which is charged with converting to its own use, more than $1,200,000 of the money of the depositors.

Appointments of the secretaries and attaches of the American delegation to The Hague peace conference have been made at the State Department, and they will sail for Holland within the next few days. The list contains the name of a woman, Miss Margaret A. Hanna, private secretary to Second Assistant Secretary of State Adee, who has become known as the woman diplomat of the government.

The statue of Christopher Columbus, to be erected in this city, and for which Congress appropriated $100,000, will probably be placed on the Plaza, in front of the new union station.

John J. Barry, a well-known merchant of Fourteenth street, died at 4:30 o'clock this morning at his residence, 2100 14th street.

Edwards Arrested.

Charles A. Edwards, secretary of the democratic congressional committee, and a principal in the quarrel Wednesday night, in Washington, in which Alejandro Garland, of the Peruvian Legation, was stabbed, was arrested yesterday afternoon at the Capitol by detectives of the local force. He was subsequently released on $2,000 bail.

Edwards admits having struck Garland, but vehemently denies using a knife, claiming that he did not have one in his possession at the time.

Miss Louise Scott, the cause of the trouble between Edwards and Garland, met Edwards in the Capitol yesterday afternoon. They had a quarrel and Edwards asked the Capitol police to arrest the woman on the charge of robbing him. He said that he had given her an interest in a house, and that she had sold it for $1,500. The Capitol police declined to make the arrest.

Mr. Edwards will be arraigned in the Police Court Monday for a preliminary hearing.

It is stated that Senor Garland's friends will exert every effort to hush the matter up, and the young diplomat may decline to appear in court.

Mr. Edwards issued a statement last night in which he admitted having a fist fight with Garland, but he positively denied having used a knife in the affair.

Mr. Edwards said that the cause of the fight was that Garland, while walking with a woman near the De Soto Apartment House, bumped into him, knocked him off the sidewalk and told him in broken English: "You had better get off the street."

To this Mr. Edwards said last night: "I replied 'No; if I had better get off the street, you'd better get off the earth.' Then I waded into him and smashed him hard and plenty. If my wife saw blood on my clothes, it was blood from his nose. He cut me on the face, and I have the mark to show for it. Possibly I cut him a lot, but not with a knife, not with a ring, not with anything but my knuckles. After the melee I went to the Chamberlain Club, and I have not been out of town since."

Garland is still suffering from his injuries, and said to be in a rather serious condition. He refused to prosecute, however.

News of the Day.

Gov. Charles E. Hughes, of New York, was elected first president of the New Northern Baptist Convention, which was organized in Washington yesterday.

Hugh Starr, the 14-year-old son of J. G. Starr, of Dallas, Ga., was crushed to death by a Southern Railway passenger train early yesterday after rescuing his little brother from a trestle. The boy, accompanied by his mother and little brother, were walking along the track when the train was heard. Young Starr seeing his brother some distance back on the trestle ran to him and made an effort to carry him off the trestle, but not having time to do so he pitched the little fellow to safety and was himself crushed to death by the train. The little boy had his arm broken by the fall.

Virginia News.

The case of Bunart Brennon, of Culpeper county, charged with destroying a postoffice box in that county, came up again this evening before U. S. Commissioner R. P. W. Garnett, who after hearing testimony sent the prisoner to jail to await the action of the grand jury.

The committee appointed at a recent public meeting at Petersburg to take charge of the arrangements for the reproduction of the Battle of the Crater, July 30, decided this evening that, in view of the fact that the Common Council has refused to make the $5,000 appropriation requested for that purpose, it would be inadvisable to undertake the big show.

That the national body of the Junior Order of United American Mechanics will continue their fight against the "independents," the seceding State councils, was made manifest yesterday. C. V. Meredith and W. L. Royall, counsel for the "regulars," appeared before Judge Grinnan, in the Chancery Court of Richmond and began proceedings for a review and reopening of the case.

THE BAPTISTS,

The second session of the Southern Baptist Convention was called to order in Richmond yesterday by H. E. Pollard, of Virginia, first vice president. Abstracts of reports of the home mission, foreign mission, and Sunday school boards were read and adopted.

The Rev. W. E. Hatcher, of Richmond, and E. Y. Mullins, of the Baptist Association, were appointed a committee to raise $300,000 for the endowment fund of the Southern Baptist Theological Seminary in Louisville, Ky.

The treasurer's report of the convention was made by G. W. Norton and accepted.

Rev. Dr. T. T. Eaton moved that the by-laws be amended so that better English be made of them, without their sense being in any wise changed.

Rev. F. D. Hall, of North Carolina, read a section of the foreign mission report, showing that the great increase in contributions, making over $400,000, is still less than 20 cents per member per year.

The night session of the convention was devoted entirely to foreign missions.

W. A. Brooks, of Rome, Ga., tendered $5,000 a year for ten years for the support of foreign missions, pledging his estate to such effect in case of his demise, and his example was followed by several others, who offered smaller sums for a period of years, so that over $100,000 in all was pledged.

The Women's Missionary Union held its second day's session in the auditorium of the Second Baptist Church. Miss Fannie Heck, the president, presided, and introduced Miss Buckmalor, of Baltimore, missionary at the immigrant station in that city, who gave an interesting talk on her work among the immigrants. She advised the union to establish houses with missionaries at every port in the country where proper care and protection can be extended, especially to young girls and women.

A strong effort is being made at the Southern Baptist Convention, in session in Richmond, to organize the laymen of the denomination.

Boy Killed by Companion.

Joseph Aultman, a white boy 15 years old, of Washington, yesterday evening in a fight with another boy, Ernest Langley, also about 15, drew a knife and stabbed Langley. The latter died in a few moments.

The boys met at the corner of New Jersey avenue and E street southeast and became involved in a fight, in the course of which Langley was seen to suddenly throw up his hands and fall to the pavement. Aultman immediately ran away. Several persons ran to the prostrate boy, and blood was seen to ooze out on his shirt front. He was placed in a buggy driven by P. L. Davis, who hurried to the Providence Hospital, two blocks away, but before he reached the hospital the wounded boy gasped and fell back and a moment or two after he was dead. Langley's brother accompanied him to the hospital and urged haste on the part of the driver, but to his great anguish he saw him expire on the way. It is said that the point of the knife penetrated the boy's heart.

Aultman has not yet been caught. He may have jumped a Pennsylvania train, as the tracks of that road run only a block south of the place where the stabbing occurred.

The dead boy was employed by W. A. Proctor, a grocer, and lived with his parents at 29 Virginia avenue. Aultman was employed in a store. What the boys were fighting about has not yet developed.

The police of this city were requested yesterday evening to look out for Aultman.

Fatal Accident to a Child.

Wrentham, Mass., May 18. — The cause for the sudden stoppage of the machinery in the Shoddy mill of Louis Beaumont was discovered today when after a search the mangled body of his three-year-old son, Preston, was found in the water wheel. It is supposed that the child fell into the stream and was sucked into the giant wheel.

Episcopal Council.

THIRD DAY.

MORNING SESSION.

Warrenton, Va. May 17 1907

The council resumed its business at half-past nine with Bishop Gibson presiding. Prayer was offered by Rev. J. F. Burks, of Essex county. After the reading of the minutes of the previous day the report of the committee on the state of the church was presented by Rev W. D. Smith, of Winchester. It referred to the steady progress of the church during the past year and congratulated the council on the encouraging missionary activity of the diocese under the energetic leadership of Bishop Gibson. The spirit of parochialism is yielding to the influence of the larger life of the church, evidence of this being seen in the interest taken in the men's thankoffering throughout all dioceses for general missionary work. The Diocesan Sunday School Commission was heartily commended to the council, and the diocese was congratulated on the strong stand taken by the present meeting of the council, in opposition to the open saloon as it now exists in its debasing influence throughout the State.

The report of the committee on the Brotherhood was given by Mr. Roswell Page. He made an urgent appeal for reviving this excellent organization as it had helped the widows and orphans of deceased clergymen in years past and should be sustained by the laymen of the diocese for the present and the future.

The Rev. Cary Gamble then offered the report of the committee of the disabled clergy and recommended in this the division of the parochial contributions for this object between the diocesan fund and the general clergy relief fund. This recommendation was, however, laid on the table and an amendment made by the Rev. H. B. Lee that there be two separate offertories taken up during the year for the diocesan and general clergy relief fund respectively.

The Rev. R. J. McBryde, D. D., invited the council to hold its next annual meeting in St. George's Church, Fredericksburg, which was unanimously accepted.

Dr. McBryde next presented the report of the committee on establishing an Episcopal church near the University of Virginia. This report was accepted and received the hearty approval of the council.

The council committees on prayer book distribution, Sunday schools and colonial churches presented their reports which were accepted.

A hearty vote of thanks was passed to the rector, vestry and congregation of St. James' Church and to the good people of Warrenton for their cordial welcome and generous hospitality extended to the council during this its first meeting in their town.

A recess was then taken for divine service at which the sermon was preached by the Rev. J. Y. Downman, of All Saints' Church, Richmond. After service the council resumed business. Certain routine reports were presented together with that of the historiographer of the diocese which was a paper of much interest.

It was agreed by the council that the piece of old Jamestown Church plate now belonging to the Diocese of Virginia be put in the care of a custodian appointed by the bishop and that it be used hereafter at the opening communion service of each annual council.

The council convened at 3:30 p. m. for its last business session with a small number of its members present. The committee on new parishes recommended a re-distribution of the lines of Johns and Meade and Shelbourne parishes, which was approved by the council. After the usual closing service by the bishop, the council adjourned sine die at half past four o'clock.

The following are the general statistics given in the report of the committee on parochial reports presented at the close of the business session on Thursday evening: Communicants, 12,907; Sunday school officers and teachers, 1,502; Sunday school scholars, 9,589; Sunday school offerings, $7,132.95; baptisms, 794; families, 4,931; members of the Brotherhood of St. Andrew, 421; contributions from all sources, $254,000; value of church property, $1,113,010.

At the service in the interests of foreign missions on Thursday addresses were made by Rev. J. J. Gravatt on the men's thankoffering; Rev. J. C. Ambler, formerly missionary to Japan, on the work in Japan, and Rev. D. Campbell Mayers, formerly missionary in the Diocese of Boise, on missions among the Indians.

Among the visiting clergy were the Rev. Robt. W. Barnwell, of the Diocese of Southern Virginia, and the Rev. Nelson P. Dame, of the Diocese of New York.

The warm and generous hospitality of the people of Warrenton was sincerely appreciated by the whole council; there was a good attendance of members and all the services were well attended by the congregation of St. James' Church and friends of other churches in the city. Much credit is due the Rev. Wm. H. Laird, the rector, and the vestry and congregation of St. James' Church for the uniform success that crowned their labors in connection with this the first council of the Episcopal Diocese of Virginia held in Warrenton.

A beautiful and commodious parish hall has recently been erected near the church which gave ample accommodation for the meetings of the various committees of the council.

Today's Telegraphic News

The Haywood Case.

Boise, Idaho, May 18.—Friday was a day replete with sensations in the Haywood trial. Following the charges by the defence that Governor Gooding attempted to sway popular sentiment by creating the impression throughout the country that Orchard was a veritable man of parts, a repentent sinner that was willing to do anything to expiate his scarlet sinning, and would tell only the exact truth on the witness stand, came Judge Wood's indignant denunciation in open court. Wood is a stern justice, and he said: "Do your duty without fear or favor. If men in high or low places have violated the proprieties and have tried to influence prospective veniremen, they are to be punished. I will not countenance such proceedings." The majority of yesterday's session was devoted to trying to fill the jury box. When nightfall forced an adjournment the prosecution had exhausted three of its peremptory and the defense two.

Affairs in Cuba

Havana, May 18.—Acting on information that a filibustering expedition is believed to be fitting out in the neighborhood of Cienfugos to go to Colombia to start a revolution, an investigation has been started to locate the plotters and steps will be taken immediately to see that no expedition is allowed to leave the island. Next week the cruiser Des Moines will go to Cienfuegos to see that no expedition is allowed to slip away. It is believed the proposed expedition is composed largely of former revolutionists in Cuba who were able to retain their arms when the general surrender of weapons was ordered following the resignation of former President Palma.

Despite the decision reached by the Ayuntamtento, a few weeks ago that there was a reason for fetes to commemorate Cuban independence day, in view of the political situation in the island, the national holiday will be celebrated only on Monday.

The Longshoremen's Strike.

New York, May 18.—So far today has been one of waiting for both sides in the strike of the longshoremen. While the claim is made by agents of the different companies that some of the old men are returning to work, the leaders of the union deny that there has been any desertion from the ranks and state that the strikers are standing firm and are confident that before the end of next week the companies will have granted their demands. On the other hand the steamship agents say they are suffering no inconvenience at present. While the freight situation is still one of confusion and delay, daily improvement of conditions is being made by most of the big lines, especially these with piers in Hoboken.

Verdict for Nurse.

Cleveland O., May 18.—Philander L. Johnson, 84, a millionaire, died today. Yesterday a jury in the local courts gave Miss Kate Dolan, his former laundress, a verdict of $4,000 against him on notes. Miss Dolan says she dressed and fed the millionaire while the members of his family were out dining with the four hundred. He gave her notes, she said, in recognition of her care. He was allowed no money, she testified, and that was the only method he had of rewarding her. The family tried to prove by experts that the notes were forgeries. Johnson was ill and could not testify in court.

Wheat Prospects.

Winnipeg, Man., May 18.—From widely separated parts of the Provinces, reports from 300 newspapers correspondents indicate that wheat seeding has unquestionably been delayed, but this does not mean that the acreage yield will be materially decreased. The reports came from Manitoba, Sasawtchewan and Alberta, where experienced grain growers have heretofore complete their seeding after May 20 with most profitable results. In Manitoba alone such good progress has been made that the bulk of the wheat will be in the ground by Monday if favorable weather continues.

Leftfielder Collides With Shortstop.

Burlington, Vt., May 18.—A collision while running for a fly ball back of third base may result in the death today of Elmer R. Higgins, of Standish, Me., left fielder of the University of Vermont baseball team. During the game with Amherst yesterday he ran full-tilt into short stop W. L. Gardner, of Enosburg Falls, Vt. Gardner has a broken collar bone and Higgins is in the hospital delirious from internal injuries. There is little hope of his recovery.

Nuns Expelled.

Paris, May 18.—Only after a stubborn fight were the Ursuline nuns expelled from their convent at Nantes. When the authorities presented themselves at the convent and ordered the nuns to leave, they replied that they would only yield to force. Several doors were broken by artillerymen and the nuns and the others found in the chapel were forced to leave. The superior, however, read a protest against the action of the authorities.

Telegrams of Forgiveness.

Boston, May 18.—Telegrams of forgiveness have been sent to Mr. and Mrs. Francis Johnson, with the requests to return to New York to receive the parential welcome after eloping on Thursday from Oswego, N. Y., where the bride was Miss Katherine L. Mott, daughter of a millionaire banker and manufacturer. Johnson, whose father, is James F. Johnson, a wealthy New Yorker, is only 20 years of age and his wife 19.

Terrible Accident to a Boy.

New Bedford, Mass., May 18.—While at play in a coal yard today Joseph Sylvia, 11 years old was so badly burned by a live wire that both arms had to be amputated below the elbow. He was also badly burned about the body and it is thought he may die. The boy climbing over a shed, grabbed a heavily charged cable with both hands. Instantly he was surrounded by flames. The wire had a current of 2,000 volts.

Poisoned by Bologna.

Milford, Del., May 18.—The family of John Crouch, consisting of six persons, were poisoned last night as the result of eating bologna. An examination of the bologna showed that it contained ptomaine poison. Owing to the heroic efforts made by the physician the lives of some members of the family may be saved, however, they are all in a serious condition this morning.

Senator Foraker.

Washington, May 18.—Senator Foraker threw another bomb into the Ohio political situation today by coming out in a strong statement denunciatory of Walter Brown, chairman of the republican state central committee, and inferentially injecting himself again into the contest for Ohio's endorsement for the presidency. He says that he will abide by the action of the next Ohio republican convention as to whether he shall be a candidate again for any office, "and if so what that office shall be." The statement was called forth by one issued last night in Toledo by Brown. Mr. Foraker's statement, dictated read as follows:

"The State officers have a right to their preference, and to declare it when they like, but such declarations do not dispense with the necessity for a convention, nor change my opinion that the voters should be given a chance to be heard before final action has been taken.

"If the republicans of Ohio are all, or overwhelmingly, or even by a bare manority, in favor of Secretary Taft, his friends need not either fear the primaries or be in a hurry about holding them.

"No one need suffer, certainly, not wrongfully if we proceed in order instead of trying to rush conclusions by unofficial announcements and declarations.

"So far as the control of the State organization is concerned I have never made any claim to that. I have always supposed that organizations were mere party machinery, and not the personal property of any one, not even the chairman of the State central committee.

"As to the rest of Mr. Brown's statement, it is difficult to make a polite answer. For rank, dictatorial and offensive bossism, it far exceeds anything I can recall. It amounts to a threat that unless I straightway declare for Mr. Taft, I shall lose the Senatorship. That may be, but if so, the fact has no terrors for me.

"I said at Canton that I would not be dictated to by any kind of a boss, big or little, inside or outside the State. I meant that announcement for just such bosses as Mr. Brown, and for just such performances as he is now giving us.

"To be specific, I emphatically resent his dictation, and give his notice that my choice for the Presidency will be named by the next Ohio republican convention that is lawfully held to nominate state officers and that, so far as I am personally concerned, I shall abide the action of that convention as whether I shall be a candidate again for any office, and if so what that office shall be."

Public Whipping in Delaware.

Wilmington, Del., May 18.—The most sensational whipping in the history of this State took place here at the workhouse this morning. Nine men were stripped to the waist and the lashes were laid on each man ranging from five to forty lashes.

Adam Ward, a 19-year-old white boy, accused of highway robbery, received forty lashes. While he was being lashed he broke one hand free from the post and pleading for mercy, cried: "Oh God I will be good, please stop." The pleadings were met with a deaf ear. The blood was running down his back, and he looked as though he had been slashed with a knife. The scenes attending the whippings were sickening, and many persons left immediately after the first man was whipped.

The screams and cries of the unfortunates could be heard for blocks. It is said by those who have witnessed the whippings in this State for years, that today's "flogging" was the most sensational and severe ever administeerd.

Ministerial Relief Fund.

Columbus, O., May 18.—An average hod carrier in New York get $900 a year. Thousands of Presbyterian ministers are paid from $400 to $600, said Rev. A. J. Kerr, Chairman of the board of ministerial relief in his report before the Presbyterian General Assembly today, and the board asked that an additional $4,000,000 be raised by the church for the ministerial relief fund, which now amounts to about $2,000,000, and is used to care for aged and impoverished clergymen.

Damage from Broken Water Main.

Providence, R. I., May 18.—A geyser 25 feet high from a broken 12-inch water main in the heart of the city for two hours today did great damage to buildings in the neighborhood. The pipe burst shortly after one o'clock and before the water could be shut off, it flooded the streets in all directions, filling the cellars of the Hotel Dreyfus, Labor Temple, News-Democrat office, telephone exchange and many other business houses.

Plot to Blow Up Jail.

Chicago, May 18.—A plot to blow up the jail and liberate a thousand prisoners were frustrated today only by the timely discovery and capture of the prisoners' store of nitro glycerine. A breach had been made in the west wall in which it was planned to place enough of the explosive to destroy the wall.

Prince Alfonso Baptized,

Madrid, May 18.—With all the pomp and circumstances pertaining to the event, Prince Alfonso of Asturias, was baptized today in the private chapel of the Royal Palace. The ceremony occurred at noon and was participated in by the various dignitaries of church and state.

Chicago Grain Market.

Chicago, May 18.—This was a bear day in the wheat pit, wheat selling off 3 3-4 a 4 3-8. The big concerns sold heavily to get rid of long lines over Sunday.

May wheat sold at 94 cents. July opened at 99 1-2 and closed at 96 3-8. September opened at $1 and closed at 97 3-8.

Corn was off ½ cent with sales of July and September at 53¼ to 58¼. Oats were off sharply for September, which sold at 39 to 38¼; July firmer at 46¼ to 46 to 46¾.

There was more wheat on sale today than the trade cared to absorb.

Asphyxiated.

New York, May 18.—Wm. Bagnon, age 45, is dead, and Peter McEnte, 21, is in a serious condition, due to being overcome by escaping gas. They were found in their room at the Y. M. C. A. building, seventy-second street and North river. It is believed a gas jet had been accidently turned on.

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

The Presbyterians

The Presbyterian General Assembly was opened at Columbus, O., yesterday by the new moderator, Rev. Dr. William Henry Roberts, of Philadelphia. The report of the special committee on church union and co-operation was then submitted. The committee reported that plans to unite with Reformed Presbyterians be set aside "until God in his Providence shall open a way for their resumption." The report states that representative Presbyterians should have a say in the proposed federation of christian churches. The Southern Presbyterian Church will enter upon the coming year with an ideal of $2,000,000 in collections and subscriptions to be raised for various church causes. The reports of the various committees which have been read at the convention in session at Birmingham, Ala., ask for additional funds to carry out the church work during the coming year. The East Hanover Presbytery asked that a committee be named to consider the advisability of establishing the order of deaconess.

RHEUMATISM CAN BE CURED.

That rheumatism is one of the most obstinate of diseases most physicians will declare, and that once it takes firm hold upon the human system its victim is in for a period of great suffering is equally true. Modern methods in medicine are, however, doing much to rob rheumatism of its terrors, and doctors of wide experience say that in the treatment of the disease great success follows the faithful use of these prescriptions: Have a good druggist prepare anti-rheumatic tablets composed of 2½ grains Sodium Bicarbonate, 3 grains Salicylic Acid and 1 minim Wine of Colchicum. Take one of these tablets before each meal, following it immediately with a glass of water. After each meal take one tablespoonful of a preparation of ½ oz. Fluid Extract of Buchu, 1 dram Fluid Extract of Horse Nettle, 1 oz. Amet Cordial, ½ oz. Fluid Extract of Liverwort and 14 ozs. water. Any first-class pharmacy can compound these prescriptions. The treatment, which should be continued for a month, is reported to work wonders, even in cases that have resisted other medicines.

Richard A. Acton, conductor of car No. 6 of the electric railway which ran over and caused the death of William Creegan on south Royal street last Sunday afternoon, and John Barker, motorman, were declared blameless by the coroner's jury which investigated the matter last night. The inquest was conducted by Dr. S. B. Moore, the Coroner, and the jury was composed of Robert M. Graham, foreman; D. Harry Appich, R. E. Knight, John H. Trimyer, Courtney Acton, and Edgar Warfield, jr. Mr. Leo P. Harlow was present in the interests of the father of the child. John S. Barker, the motorman of the car, was represented by State Senator Lewis H. Machen, and Richard A. Acton, the conductor, had as counsel Walter U. Varney. J. Randall Caton, jr., one of the counsel for the electric railway company, was present at the inquest.

The testimony was substantially the same as that given before Justice Caton in the Police Court last Sunday night. The car was on its way from Mount Vernon and was proceeding up Royal street at a lively speed, when the unfortunate child started to cross the track a few yards north of Duke street. When the motorman saw the child's peril he attempted to bring the car to a standstill, but was unable to do so before it struck the little boy.

The motorman and conductor repeated the testimony they gave last Sunday night. They testified that while the car was only equipped with a hand brake that lacked lever power, they did not believe that the car could have been stopped in time to save the child if it had been equipped with air brakes. Neither seemed certain as to whose duty it was to see that the fender was on the front end of the car, and on several points concerning the operation of trains they said they had never been instructed. The motorman said that he had had no orders from the company as to the use of the fender on the streets of the city, except in the case of King street. During the investigation Barker said:

"I would rather have been under those car wheels myself than to have seen that child there."

Dr. William M. Smith described the child's injuries, and Raymond Smith testified that he believed the motorman did everything in his power to prevent the accident.

The jury subsequently returned the following verdict:

"We, the jury, find that the said William Creegan came to his death as the result of injuries received from being run over by a car of the Washington, Alexandria and Mount Vernon Railway Company. We find the motorman and conductor blameless in this case, but learn from the evidence that they were not supplied with the proper appliances in the way of brake equipment. They also showed great ignorance concerning the law governing speed and the individual responsibility of the several crew hands. They are sorely in need of instructions."

Cut a Woman.

Last December a negro named Joseph Timbers cut a young colored woman named Laura Newman at the corner of Wolfe and Alfred streets. The cutting took place in the night time. The man wanted the woman to go home with him, but she insisted on returning to her mother's house. This angered Timbers and he stabbed her in the side. She later accompanied Timbers to his home and remained there two months. The woman endeavored to shield her assailant, and for some time kept the other inmates of the house ignorant of the fact that she had been cut. Finally, however, Dr. Hopkins was called to attend her and later Dr. Moore. The wound had not healed and the woman was emaciated and from every indication was dying from consumption. She rallied, however, and eventually regained her health. Timbers was arrested shortly after the assault and held to await the result of the woman's injuries, and after having been kept in jail five months was brought before Justice Caton in the Police Court this morning when he was sentenced to serve four months in jail and to pay a fine of $10.

Want Increased Pay.

While the managers of steamboats on the Potomac, with one exception, have adjusted their recent difficulties with the engineers, a new situation has risen out of the fact that the masters, pilots and other licensed men on the boats have made a demand for large increases in their wages, ranging from one-third to two-thirds additional to their present pay. All the steamboat owners have received letters calling their attention to increased living expenses of the men, and to the fact that in all other lines of industry salaries have been generously increased. They are given until next Monday to reply, though the new scale of wages is not to go into effect until the first day of June.

The schedule as sent to the steamboat managers is as follows:

Potomac steamers and tugs (passenger steamers over 800 tons running below Sandy Point)—Captain $125; first pilot, $80; second pilot, $65; deck mate, $60.

Steamers from 300 to 800 tons (running below Sandy Point)—Captain, $115; pilot, $75; deck mate, $60.

Steamers of 300 to 800 tons (running above Sandy Point)—Captain, $100; pilot, $70; deck mate, $60.

Steamers under 300 tons—Captain, $90; pilot, $70; deck mate $60.

Ferry Boats—Captain, $100; pilot, $70.

No mention is made of the rates for tugboat men, and it is understood that no increase is asked.

Lost His Watch and Chain.

Early last night a Washingtonian reported to Officer Henderson that he had lost a gold watch, chain and locket in a house on north Lee street, and the officer arrested George Benson and a white woman named Annie Lee on suspicion of stealing the same. The man and woman were taken to the station house and searched, but the missing articles could not be found. Lieutenant Bettis and Officer Henderson later went to the house which the Washingtonian said he had visited and made a thorough search, but neither the watch, chain nor locket could be found. The case was called in the Police Court this morning, but the Washingtonian failed to put in an appearance, and it was continued until Monday morning. The man who alleges that he was robbed is employed in a subordinate capacity by the District government.

Franco-Japanese Agreement.

The Paris correspondent of the St. Petersburg Russ, in a dispatch published yesterday, announced that he had obtained information from an authentic source, to the effect that the Franco-Japanese agreement, now in course of negotiation, will contain secret conditions, applying to the eventuality of a European war, and binding Japan to place at the disposition of France 300,000 men, while the British will land a contingent of 100,000 to 150,000 men. Great Britain and France, it is added, not only guarantee the inviolability of Japanese territory, but also engage to float several loans. The statements made are received with incredulity in diplomatic circles in St. Petersburg.

A Demented Skipper.

Ten days ahead of time the whaler, Frederick Roessener, Capt. James F. Avery, arrived at New Bedford, Mass., yesterday with 1,000 barrels of oil, breaking the famine which has existed for some days, and with a thrilling tale of adventure with the crazed captain of the British bark Dutchess, of Cornwall, picked up and taken into Dominique.

The Dutchess was sighted off Dominique on May 4 flying signals of distress, and as the Rossener drew near a boat in command of the mate put off. He begged Captain Avery to put a navigator on board, as her captain had gone crazy and the crew was scared senseless.

Avery decided to take the task himself, turning his vessel over to his mate. Boarding her he was met by Capt. John Collier, who, flourishing a loaded revolver, ordered Avery off.

Then the captain took another whirl, and he invited Avery to wait his cabin and look over angels who were singing and talking to him there. The invitation was accepted and the revolver secured by a ruse.

For 48 hours Collier kept up talking about angels, during which time Avery did not dare leave him for a moment. At Dominique Collier was turned over to the authorities.

No Clothes for Lady Godiva.

Lady Godiva, of the present century, will appear in the old town of Coventry, England, in much the same attire as Lady Godiva of ancient tradition. The idea of clothing her for the forthcoming pageant has been abandoned.

It will be recalled that to save Coventry from calamity the original chaste Lady Godiva rode through the streets of Coventry in the altogether, and in such respect was she held that all the inhabitants remained behind closed shutters—all save one, Peeping Tom, who, glancing through a window, was instantly stricken blind.

In the present plan to celebrate the anniversary the advocates of the traditional lady have won. The only concession is that flesh tights shall be worn, and there will be a few incidental draperies.

The role is likely to be filled by La Mile, a statuary poser, who has agreed to take the part of Lady Godiva on the assurance that her appearance will be purely for a charitable object.

The mayor of Coventry has been ruffled by the applications from lovely women who have sent their photographs and measurements.

Let me mail you free, to prove merit, samples of my Dr. Shoop's Restorative, and my Book on either Dyspepsia, The Heart, or The Kidneys. Address me, Dr. Shoop, Racine, Wis. Trouble of the Stomach, Heart or Kidneys, are merely symptoms of a deeper ailment. Don't make the common error of treating symptons only. Symptom treatment is treating the result of your ailment, and not the cause. Weak Stomach nerves—the inside nerves—means Stomach weakness, always. And the Heart, and Kidneys, as well, have their controlling or inside nerves. Weaken these nerves, and you inevitably have weak vital organs. Here is where Dr. Shoop's Restorative has made its fame. No other remedy even claims to treat the "inside nerves." Also for bloating, biliousness, bad breath or complexion, use Dr. Shoop's Restorative. Write for my free Book now.
